Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.

Your health record contains personal information about you and your health. This information about you that may identify you and that relates to your past, present or future physical or mental health or condition and related health care services is referred to as Protected Health Information (“PHI”). This Notice of Privacy Practices describes how I may use and disclose your PHI in accordance with applicable law, the *NASW Code of Ethics* and *The American Psychological Association Code of Ethics*. It also describes your rights regarding how you may gain access to and control your PHI.

I am required by law to maintain the privacy of PHI and to provide you with notice of my legal duties and privacy practices with respect to PHI. I am required to abide by the terms of this Notice of Privacy Practices. I reserve the right to change the terms of my Notice of Privacy Practices at any time. Any new Notice of Privacy Practices will be effective for all PHI that I maintain at that time. I will provide you with a copy of the revised Notice of Privacy Practices by sending a copy to you in the mail upon request or providing one to you at your next appointment.

HOW I MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

For Treatment. Your PHI may be used and disclosed by those who are involved in your care for the purpose of providing, coordinating, or managing your health care treatment and related services. This includes consultation with clinical supervisors or other treatment team members. I may disclose PHI to any other consultant only with your authorization.

For Payment. I may use and disclose PHI so that I can provide the necessary information for your insurance carrier, explaining the treatment services you received. This will only be done with your authorization. Examples of payment-related activities are: making a determination of eligibility or coverage for insurance benefits, processing claims with your insurance company, reviewing services provided to you to determine medical necessity, or undertaking utilization review activities.

For Communication with you. When I need to contact you by telephone I will use the phone numbers you have given me on the signature form to do this.

Required by Law. Under the law, I must make disclosures of your PHI to you upon your request. In addition, I must make disclosures to the Secretary of the Department of Health and Human Services for the purpose of investigating or determining my compliance with the requirements of the Privacy Rule.

Without Authorization. Applicable law and ethical standards permit me to disclose information about you without your authorization only in a limited number of other situations. The types of uses and disclosures that may be made without your authorization are those that are:

- Required by Law, such as the mandatory reporting of child abuse or neglect or mandatory government agency audits or investigations (such as the social work or psychology licensing board or the health department)
- Required by Court Order
- Necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public. If information is disclosed to prevent or lessen a serious threat, it will be disclosed to a person or persons reasonably able to prevent or lessen the threat, including the target of the threat.
- When the use and disclosure without your consent or authorization is allowed under other sections of Section 164.512 of the Privacy Rule and the state’s confidentiality law. This includes certain narrowly-defined

disclosures to law enforcement agencies, to a health oversight agency (such as HHS or a state department of health), to a coroner or medical examiner, for public health purposes relating to disease or FDA-regulated products, or for specialized government functions such as fitness for military duties, eligibility for VA benefits, and national security and intelligence.

Verbal Permission. I may use or disclose your information to family members that are directly involved in your treatment with your verbal permission.

With Authorization. Uses and disclosures not specifically permitted by applicable law will be made only with your written authorization, which may be revoked. Your treatment will not be affected if you choose to not sign an authorization. I will also obtain an authorization from you before using or disclosing PHI in a way that is not described in this Notice.

Your right to inspect and copy PHI will be restricted only in those situations where there is compelling evidence that access would cause serious harm to you.
- **Right to Amend.** If you feel that the PHI I have about you is incorrect or incomplete, you may ask me to amend the information, although I am not required to agree to the amendment.
- **Right to an Accounting of Disclosures.** You have the right to request an accounting of certain of the disclosures that I make of your PHI.
- **Right to Request Restrictions.** You have the right to request a restriction or limitation on the use or disclosure of your PHI for treatment, payment, or health care operations. I am not required to agree to your request.
